Specification Ball Valves, and Self-acting Water-closets; manufacturers of Hydraulic, Gas, and Steam Fittings. Tin, Lead and Composition Pipes.

SHOT-STREET, NEW CUT, LAMBETH, LONDON.

ILLUSTRATED TRADE LISTS; containing much information useful for reference; also considerable testimonials respecting a MATERIAL which, when well prepared, is peculiarly superior to every other for drains or conduits, for tanks, cisterns, and every part of roofs, for plain or ornamental floors, for paving and crockery, of a strong and durable nature, also many other purposes, supplied genuine by THOMAS PEAKE (proprietor of Peake's "Terro-Metallic"), No. 4, WHARF, CITY-ROAD BASIN, LONDON; and at THE TILERIES, CHETALL, STAFFORDSHIRE. The lists contain lists prices by railway and representatives sent by measure. It is printed that letters be prepaid, and stamps if Shareholders or London prices are required. Specimens at the GREAT EXHIBITION, Class 27, No. 188 (having been at first No. 1211).

STOCK and SON'S SOIL-PAN SERVICE-BOX.

The object of this contrivance is to facilitate the introduction of Sanitary improvements into the dwellings of the working classes, by the adoption of such an arrangement of cheap and open apparatus as will enable the "constant supply system" of water service to be made available for the removal of the refuse by preventing the unnecessary waste of water in closets of this description, to which water communication now so generally and so properly objects. By the use of this Service-box an ample supply of water is obtained, without the possibility of the latter being wasted by propping the valve, weighting the handle, or by other means. It is so constructed that, so long as the valve remains open, a further supply cannot enter the service-box from the main.—Drawings and descriptions may be obtained from STOCK and SON, manufacturers of plumbers' brass-work, gas-fittings, and church furniture, in iron and brass, Temple-street, Birmingham.

SUPERIOR GLAZED

STONEWARE DRAIN PIPES

JAMES STIFF, MANUFACTURER of GLAZED STONE WARE DRAIN PIPES.

BENDS, JUNCTIONS, TRAPS, &c. &c. 35, HIGH STREET, LAMBETH, LONDON. Established 1731.

Water Closet Pans, with Syphon Traps, 7s. 6d. each.

STRAIGHT TUBES, with socket Joints, in 2 feet lengths.

The great advantages attending the use of these articles are now so generally understood, as to render any enumeration of them almost superfluous. Their cheapness, efficiency, and durability, are universally admitted; while the rapidly increasing demand for them proves their estimated superiority over every other kind hitherto before the public for similar purposes.

Inspection is invited to an assorted stock of Drain Tubes, of every form and size, adapted to the various situations for which they may be required, as also to the WATER-CLOSET PANS OF IMPROVED CONSTRUCTION, and Interior plans for surrounding any other manufactured of Brown Stone Ware.

N.B. These are made without the disadvantage of being turned downwards.

May be had also at Messrs. GLADDISH'S LIME WHARFS, Pedlar's-acre, Westminster-bridge; Clive-road Wharf, Old Ford; Deadbread, Bermondsey; Denver's Wharf, foot of Battersea-bridge, Chelsea; Pratt Wharf, King's-road, Camden New Town.

Drawings and List of Prices will be forwarded on application.

PATENT GLAZED STONEWARE SEWAGE PIPES,

Contractors under the General Board of Health, and the Metropolitan Commissioners of Sewers.

Offices, 33, Cornhill; Works, Brunton's Wharf, Commercial-road, Limehouse, where specimens may be seen, and prices obtained.

TO MANUFACTURERS OF DRAIN PIPES, HOLLOW BRICKS, TILES, &c.

STANDING, PHILLIPS, and CO.

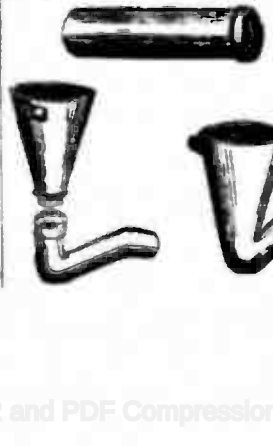
are now sending out their

PATENT SCREW PIPE AND TILE MACHINE,

and GRANTING LICENCES for the USE OF SAME.

This Machine will make Pipes of any diameter, from the smallest drain pipe up to the largest main sewer, and combines the operations of pugging, screwing, and forming the pipe at the same time, by which a considerable saving of labour and expense is obtained; and from the great and equal pressure employed, and the superior mode of manufacturing (in which the air is allowed to escape), Pipes are produced sounder, smoother, and superior in every respect to those formed by any other process.

THE MACHINE MAY BE SEEN IN OPERATION ON APPLICATION AT THE OFFICES, 33, CORNHILL, where every information as to terms, &c., may be obtained.



SUPERIOR GLAZED STONEWARE DRAIN PIPES, invented and manufactured by

WILLIAM NORTHEN, UNION POTTERY, No. 14, VAUXHALL-WALK, LAMBETH.

W. NORTHEN begs to inform surveyors, contractors, builders, water companies, &c. that he has completed a "Specimen" new patent machinery for making GLAZED STONEWARE DRAIN PIPES, JUNCTIONS, BENDS, ELBOWS, SYPHON-TRAPS, &c. &c. Amongst the many advantages of pipes made by this machinery over all others may be mentioned, that it insures perfect uniformity in form and size, both of pipes and sockets, the first being of a different and better construction than any others now in use; and the pipes and sockets being made by one process are secure from separation.

W. N. invites particular attention to the superior quality of the glaze used in his manufactures, which is equal to glass, and non-lering stoppage in the drains impossible. CLOSET PANS, with basin and flow traps, and improved syphon valve glass.—W. NORTHEN'S PIPES MAY BE INSPECTED AT THE FOLLOWING PLACES, WHERE ORDERS ARE RECEIVED:

Martin and Wood's, Market Wharf, Regent's Park Basin.—J. C. Hilton's, Crown and Horse-shoe Wharf, No. 4, Upper Thames-street.—Lucas and Son, Richmond.—Charles Richardson's, South Wharf, Paddington.—G. Erith's, Cambridge Heath Wharf, Hackney.—W. Parrott, Canal Bridge, Old Kent-road.—Millwood and Sewell's, North Kensington Basin, and Creek Wharf, Hammersmith.—J. Corbet's Depot, Bethnal-street, Cheltenham, and at the Pottery.
